## 2. The Narrative — Zero to Hero

It all began with a tweet from CZ (Binance CEO) saying Solana has had ZERO runners recently, the rest is history. From that moment — **ZERO (\$zero)** was born. This isn't just another meme coin. It's a **movement of conviction**. A return to the roots of crypto culture — where identity, unity, and community matter more than speculation.

\$zero holders have changed their profile pictures to add a zero and this is the beginning of something

## 3. Mission & Vision

To create the most iconic meme token on Solana by combining humor, community power, and full transparency. Zero is here to prove that memes aren't just culture — they're conviction.

### Vision

We envision a thriving \$zero ecosystem where:

- The **community** is the foundation.
- The **meme** becomes a movement.
- And **holders** become believers.

The goal? To turn \$zero into a top-tier meme asset in the Solana ecosystem through organic growth, relentless community engagement, and unity.
